

# PESA

Positive Education Schools Association

South Australia Chapter

## The PESA SA Chapter invites you to our Term 3 Professional Development Opportunity.

**Date:** Thursday September 21  
**Time:** 4:30pm to 6:30pm  
**Venue:** Trinity College Gawler Pavilion - Enter from Greening Dve, Evanston South

Participate in strengths-focussed learning activities, network with like-minded Positive Education professionals and enjoy some refreshments. We'll share our favourite examples of character strengths ideas in education.

We also invite (but don't require) you to bring, show and share your own favourite examples of character strengths learning, in a collaborative Swap Meet of ideas for teaching, celebrating, embedding and using Character Strengths in Schools.

Shared ideas can be original or borrowed. It's great to hear what works well!

Bring a display if you'd like, and if you are happy to share, summarise your idea or activity in an A4 handout, for others to collect. Ideas and activities in any of these areas are welcome:

- Staff character strengths activities or engagement
- Student strengths activities or engagement
- Community strength activities or engagement
- Strengths based communication
- Strengths based relationship development
- Strengths in policy
- Strengths in counselling or student care
- Strengths embedded into school culture and practice

Swap ideas and stories. Take home new ideas to try in your own school! The more people who bring an idea or example, the more interesting the Swap Meet will be!

For this event, you'll need to know your Top 5 Character Strengths ahead of time. [Click here](#) to take the free survey if you don't know yours.

To assist with organisation for the event, please email [Lisa Kettler](#) with some basic details if you will be bringing an example to share.

Book your ticket for this event (Free to current individual PESA members, \$50 for non-members and includes an annual PESA membership) — [click here](#).

**We look forward to seeing you there!**
