

Membership statistics

At our AGM held on 13 April 2018, memberships were reported as:

- 127 institutional
- 12 student
- 851 individual

Totalling 990.

I am pleased to advise our total memberships have more than doubled over the past 12 months, to 2,076. We currently have:

- 149 institutional
- 41 student
- 1886 individual

As you will be aware, all non-member ticket conference purchases include an annual individual membership. We expect this will result in an additional 50-100 individual members.

Membership fees

Our annual membership fees have slightly increased since our 2018 AGM, partly owing to our requirement to now collect GST with membership fee payments.

These increases were effective from 1 January this year.

The 2019 membership fees are:

- \$550 Institutional/annum – this is a \$100 increase
- \$80 Individual/annum – which represents a \$30 increase
- \$25 student/annum – representing a \$5 increase

The PESA Board is committed to ensuring our fees are reasonable to ensure diversity within our membership base from across the independent, government and faith-based school sectors.
