Positive Education and Mandatory Consent Education: imbedding and delivering consent education within a whole school wellbeing model

Presented by Karen Wood and Melissa Searle, Principal and Deputy Principal,
Movelie PS, VIC

ABOUT

In this presentation, Melissa Searle and Karen Woods will discuss the integration of consent education and Positive Psychology, drawing on extensive experience as a lead school who have not only successfully implemented Victoria's The Resilience, Rights and Respectful Relationships curriculum within a whole-school wellbeing model, but have also been selected by The Victorian Department of Education to guide and educate other schools on how to successfully implement it into their curriculums.
